

BLYTHE-BOWER ELEMENTARY SCHOOL

School and Student Highlight

Blythe-Bower currently has just over 70 EL students who have been working hard during the semester to improve their listening, reading, writing, and speaking skills in English. We are so proud of their hard work!

During the first semester we offered a morning computer lab for our students to spend some extra time reading and learning new vocabulary words independently on their individual levels. Around 25 students came each morning for this learning opportunity. We are extremely pleased with the growth that these students had on their winter benchmark scores.

We also offered an English language class to the parents of our EL students. Five moms faithfully came every Monday afternoon to improve their English. It was a great deal of fun for everyone involved.

In December we received a very generous donation to purchase new books for all of our EL students. They were able to choose their favorites from a large variety of books. The students were so excited and couldn't wait to start reading their new books. We were extremely grateful for this donation.

We are looking forward to another wonderful semester with these hard working students!
