

Breakfast in the Classroom

The CCS Nutrition Department has expanded their Breakfast in the Classroom program to include E. L. Ross this year. Last year, an average of 96 students per day took advantage of free breakfast at E. L. Ross. This year, each morning over 300 students enjoy a free nutritious breakfast at school before starting their day. Cafeteria manager Jodie Raymer and her staff work hard each morning to prepare the breakfasts and deliver them to the classrooms. Teachers distribute the breakfasts and have rearranged their morning instructional time to ensure students can take advantage of this program while still participating in tutoring programs and other enrichment. E. L. Ross custodian Michele Craft picks up breakfast trash from the classrooms every day to ensure the school building stays clean. It takes a team to make important programs like this one succeed, and we are thankful for our staff who does what it takes to ensure students are set up for success each day.

Scream on the Green

E.L. Ross and Yates families had a wonderful time at Scream on the Green on Friday night, October 27th. The movie "Trolls" played on the big inflatable screen set up on the lawn, and families brought chairs and blankets to enjoy the show. Over 250 people enjoyed complimentary popcorn and drinks, and Kona Ice sold frozen treats as well. A few students even dressed up as Trolls for the event!
