Guy Shelton – Staff of the Month

Guy Shelton is the CHS Live teacher. He attended Cleveland High School, where he was deeply impacted by the CHS Live program and Jon Souders. From there, he went to MTSU to pursue a degree in Video and Film Production. Upon completion of this degree, and countless other experiences that would have never been possible without the foundation he gained from CHS, he decided that the best way for him to give back what he had learned would be to teach the subject he grew to love. He hopes to provide a positive learning environment that welcomes questions and hands-on learning. He also hopes to encourage students to develop a passion for learning something, even if that is not his subject area or a standard school subject.
